Insured / Licensed by Nassau County & The City of New York / NYS Licensed Pesticide Applicator

Dear Customer:

New York Department of Environment of Conservation requires us, prior to any commercial lawn, tree, shrub or grounds maintenance applications that the applicator shall enter into a written contract with the owner of the property. The applicator shall supply the property owner with a written copy of the following Information:

- Company name, address and telephone number.
- Applicator Certification identification card number.
- Total program costs or individual application cost.
- Target
- Pesticide to be used (brand name and common name / and E.P.A. Registration number.
- The contract shall specify the dates of application in a three-week window, and a three-week approximate dates, if used. The property owner or owner's agent may request the specific date or dates of the application(s) to be provided and if so requested, the pesticide applicator or business must inform the specific dates and include that date or dates in the contract. Enclosed in this packet you will find two contracts, one contract must be signed and returned to us, prior to any pesticide applications to your property. The contact may be terminated at any time by you, the customer, or the company applying the pesticides.
- In addition, warning labels that are pertinent to the contract concerning the protection of humans, animals or the environment must be submitted to the customer before the application. If labels are used to provide warning information, that information must appear on the labels in 12-point type. This information is pursuant to N.Y.S. law requiring that we supply each customer with a list of potential materials to be used on their properties. As you review this information please note *not all of these materials will be used. We will only use what is necessary to ensure proper protection of your lawns, shrubs and trees.*

It is very important that we conform to these regulations. If at any time you would like a copy of the N.Y.S. Department of Conservation Regulations 6 NYCPR Part 325 pertaining to commercial law care application of pesticides, let us know and we will provide you with a copy.

We look forward to providing the highest quality of service to your home this season. Please call us at 516-791-6241 with any questions you may have.

Thank you for your understanding of this matter and allowing us to service your property..

Juan (J.R.) Reyes  
President
